

Bibliography¹ of prairie insect studies

¹ Pro bono contribution by Timothy D. Hatten, Ph.D., CEO of Invertebrate Ecology Inc., and Board of Directors of the Palouse Prairie Foundation

This bibliography references manuscripts published primarily between 1955 and 2011. It was generated by a title/key word/abstract search, using the key words 'prairie' and 'Coleoptera,' 'Hymenoptera,' 'Diptera,' 'Lepidoptera,' 'Homoptera,' 'Hemiptera,' 'Neuroptera,' 'Dermaptera,' 'Plecoptera' and 'Tricoptera', etc., for all insect Orders. Additionally, this bibliography includes select Ph.D. dissertations and proceedings on the subject of prairie insects. Note that for publication purposes this bibliography would need additional editing prior to use.

For interested parties, this bibliography is also posted at Invertebrate Ecology Inc.'s website (www.invertebrateecology.com) where additional publications by Tim can be found along with information on his company.
